

May 13, 2010

To Whom it May Concern,

On May 13, 2010, Minuteman Governance completed an assessment that revealed Safer Places, Inc. to have implemented a combination of administrative, technical and physical controls that are consistent with the requirements of Commonwealth of Massachusetts regulation "201 CMR 17, Standards for the Protection of Personal Information."

Accordingly, it is my opinion that Safer Places has met the material requirements of the regulation.

Sincerely,

A handwritten signature in black ink, appearing to read "John Moynihan".

John Moynihan, CGEIT
President
Minuteman Governance, Inc.
